

PUBLIC NOTICE:
Proposed Changes to Clark County Code
RE: Title 10

The Clark County Board of Commissioners is proposing rule changes to Clark County Code to alter the posting requirements related to animal tagging, vaccination, and sterilization. Moreover, there will be new requirements related to sterilization and tagging of potbelly pigs and pet rabbits. Furthermore, the proposed changes introduce new breeder/show permit stipulations as well as new regulations related to the impoundment of animals and the disposal of dead animals.

The proposed rule will modify Title 10 of the Clark County Code by revising, Chapters 10.04, 10.08, 10.12, 10.20, 10.24, 10.28, 10.30, 10.32, and 10.36. Please note that there are some provisions in Title 10 that appear to be new but are in fact, being moved to accommodate the additions and changes. The proposed rule is attached to this public notice, and is available for viewing at www.ClarkCountyNV.gov.

Prior to the adoption of the proposed rule, the Clark County Board of Commissioners is required by NRS 237.080 to make a concerted effort to determine whether the proposed rule will impose a direct and significant economic burden upon a business or directly restrict the formation, operation or expansion of a business. Due to this, trade associations, owners and officers of businesses which are likely to be affected by this proposed rule, and any other interested persons are required to be notified and provided an opportunity to submit comments, data, or arguments to the County regarding whether the proposed rule will:

- a) Impose a direct and significant economic burden upon a business; or
- b) Directly restrict the formation, operation or expansion of a business.
